SUMMARY OF RESPONSE

DETAILED ACTION

1. The Examiner states: "The reply filed on 27 December, 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant was required, in the office action paper no. 11172004, to response to a requirement for an election of species. Applicant's response, received 27 December, 2004, did not include an election. Applicant is required under 37 CFR 1.143 to elect even though the requirement is traversed. An amendment to the claim language does not negate the requirement for Applicant to elect among the species."

///

RESTRICTION/ELECTION

Applicant hereby elects prosecution of the invention of Species II (as defined by Examiner's Election/Restriction Requirement dated 11/22/2004) and all of the Claims as originally presented and amended throughout, with traverse.

///

CONCLUSION

Applicant respectfully submits that for all the foregoing reasons, the claimed subject matter describes patentable invention. Furthermore, Applicant submits that the specification is adequate and that the claims are in a condition for allowance. No new matter has been entered.

Applicant hereby respectfully requests Examiner to enter these amendments, find them descriptive of useful, novel and non-obvious subject matter, and authorize the issuance of a utility patent for the truly meritorious, deserving invention disclosed and claimed herein.

Without further, Applicant does not intend to waive any claims, arguments or defenses that they may have in response to any official or informal communication, paper, office action, or otherwise, and expressly reserves the right to assert any traverse, additional grounds establishing specificity and clarity, enablement, novelty, uniqueness, non-obviousness, or other patentability, etc.

Further, nothing herein shall be construed as establishing indirectly the basis for any prosecution history, file wrapper estoppel, or similar in order to limit or bar any claim of infringement of the invention described herein, either directly or under applicable doctrine of equivalents.
